After all the time you've spent planning and dreaming about going on safari, this is where it finally starts. Your guide will meet you and explain everything you need to know and answer any questions you might have. And then we'll go out on safari together.

Enjoy getting to know Tsavo West, with its stunning landscapes and interesting populations of elephants (which often look red because of the Tsavo dust in which they bathe) and lions (many of the males don't have manes). You also have a chance of seeing rhino, hippo, hyena, buffalo, zebra, giraffe and even leopard, as well as many different kinds of birds (over 400 types have been seen here).
