Ngorongoro Crater

You'll learn why magical Ngorongoro is unlike anywhere else in Africa. Cloud forests encircle the crater rim, and the view out across the caldera of this former volcano – quite apart from the altitude – will leave you gasping for air. Your drive down a steep trail carries you onto the crater floor where a unique wildlife offering is added to the sheer beauty of the experience. You'll share the sunken ecosystem of the crater floor with hyenas, lions, elephants, black rhinos and hippos. An ecosystem that has formed in the crater in the millennia since the volcano wrought its terrible fury upon the land. It could just be one of your best safari days ever.

Zanzibar Stone Town

Zanzibar Stone Town is a fascinating place to visit. A Unesco World Heritage Site, this absorbing port town was once the hub of a trade network that extended across the Indian Ocean to Persia, India and beyond. Stone Town's rich and varied pedigree is reflected in the distinctive architecture of the multi-story coral stone houses that line its alleys, as well as the cosmopolitan feel of the local Swahili culture.
